

OPULENTAL

Opulent range of table/desk & standard lamps – instructions for use

Thank you for purchasing this quality lighting product.

Please read these instructions carefully prior to installation and retain them for future reference.

For any technical assistance relating to this product, please consult a qualified electrician.

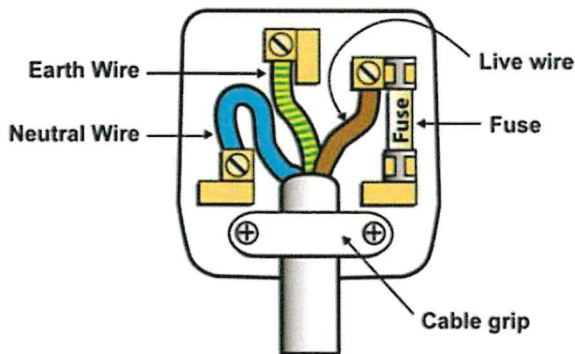

Safety

This product is supplied complete with a 13A plug fitted with a 3A fuse. This product should not be modified. If any modifications are made, including tampering with the plug, it may make the product unsafe.

Under no circumstances must the lamp or lampholder be covered and ensure that the lamp is kept away from flammable materials, such as bedding, curtains, soft fabrics etc Check suitability of individual shades if used.

If the external flexible cable or cord of this luminaire is damaged, it shall be replaced by a special cord or cord exclusively available from the manufacturer or his service agent.

In the event that it is necessary to remove the plug (**not recommended**), re-wire as follows:

Ensure that the wires are secure and that no loose strands of conductor are exposed.

This lamp must be earthed.

How to use

- Remove the lamp carefully from the packaging – check for any transit damage
- Place the lamp on a firm and stable, flat surface
- Fit the recommended lamp type B22 BC LED (or any other B22 BC lamp up to 60W MAX)
- Plug in to test - depending on the model type, the lamp is turned on and off using the switch option mounted on the supply cord (inline foot switch or inline hand switch). If the lamp fails to light, unplug before investigating
- **FOR INDOOR USE ONLY**
